

**Attention neighbors,  
All of us citizens play a leading role  
in making our communities great places to live!**

In order to create communities that are safe and comfortable for everyone, we have neighborhood associations that were established to hold our neighborhoods together.

Day-by-day we deepen the friendships that we have with our fellow neighbors, which instills in us a wish to work through mutual cooperation in solving the issues that trouble us all. Our desires to help our neighbors and the human connections borne from exchanging daily greetings, go beyond creating a comfortable environment in which to live, and are revealed in the strengths we exhibit through the many activities we undertake, such as our relief efforts in times of disaster.

It is up to us to create and protect our communities. Our neighborhood associations engage in various activities, such as looking out for our children, while also creating partnerships with other community organizations.

**Your hands shape our community!  
Your neighborhood associations are  
working to make our communities  
great places to live.**

**Please sign up  
to become a member of  
your neighborhood  
association.
